

# PARESH PRAJAPATI

Web Developer

## CONTACT

- 7383507911
- pparesh5630@gmail.com
- Ahemdabad Gujrat

## PROFILE SUMMARY

I'm a self-taught Full Stack Developer with strong frontend skills in HTML, CSS, Bootstrap, JavaScript, and React.js. I've worked with tools like React Router, Redux Toolkit, and have backend experience with Node.js, JWT, Multer, and role-based authentication. I've learned through YouTube and applied my knowledge in real freelance projects to build responsive web apps.

## PROJECTS

### Sweet Shopping System

- This is a React e-commerce app for online sweet shopping. It has a user-friendly interface with product cards and admin panel controls.
- Users can browse sweets, add to cart, and place orders.
- Admin can manage products, inventory, and updates from the dashboard

### Croma E-Commerce Services

- This is a React.js e-commerce site for selling electronic devices, with smooth product browsing, cart, and order features.
- Users can explore products, add to cart, and place orders.
- Admin panel allows managing products, stock, and site content easily.

### NGO PROJECT

- Developed a responsive web application for an NGO using React.js with a secure admin panel for managing content and users. Implemented authentication, role-based access control, and a dynamic dashboard to ensure efficient and scalable system management.
- Tech Stack: React.js, Bootstrap, CSS, Database
